

Welcome Tour Guide

The Whitehorse Cross Country Ski Club is a big organization and new skiers can sometimes be intimidated by how to use the Chalet and the trails. For that reason, we will be offering every week from the month of December and January a ski tour for new season pass holders. The tour will show the easy to intermediate trail around the chalet and farther if time and weather permit.

THIS IS NOT A SKI LESSON AND PARTICIPANT WILL BE ADVERTISED THAT THEY SHOULD BE COMFORTABLE ON SKIS, GOING UP AND DOWN HILL ON EASY TO INTERMEDIATE TRAIL.

ABILITIES

- Being comfortable speaking in public (group of 8 max)
- Being comfortable on skis on easy (green) to intermediate (blue) trails
- At least a few years' experience of using our facilities.

WHY VOLUNTEERING?

- Connect with other skiers and share your passion for skiing
- Contribute to the accessibility and inclusiveness of our trails and facilities

VOLUNTEER NEEDED

Up to 10 volunteer

We are hoping to get at least 4 guides so it will be 2 tours per person but more would be better to be able to split groups if necessary.

TIME COMMITMENT

1h30 - 2 hours per Tour

We like to offer both daytime and evening options to accommodate as many people as possible. *E.g: Tuesday 5 to 6:30pm / Sunday 10 to 11:30am*

DUTIES AND RESPONSIBILITIES

With the help of a detailed guide provided by the Ski Club, the Guide will be in charge of offering a welcome tour to the new season pass holders by :

- Having a walking tour of the chalet and sharing information about the change room and sauna, the waxing facility, the kitchen area and Curling Club Lounge, the services provided by the Ski shop (waxing, merchandise, rental, ...), the event and activities,...
- Introducing the trail network and trail etiquette (including the Dog policy, the safety on the trails, the emergency kit location, First Aid response system, Huts and outhouses)
- Going out for a 1h to 1h30 ski tour on easy to intermediate trails and showing the beauty of the Whitehorse Cross-Country Ski Club, our TRAILS.
